

Dolcetti's ultimate goal is to satisfy our clients and their sweet taste buds. Our cakery provides superior products, being both attractive and yummy! Our regular clients state we are the best, but we never stop developing our recipes. We continue exploring this fascinating sweet world!

## HOW WE STARTED BAKING?

Our story began in 2010, when Anna Francis, the founder of Dolcetti, baked her first cupcakes for sale and offered the bakery to the nearest shop. The cakery was awesome and she was proposed to become a regular supplier of sweet bakery. Anna expanded the assortment and created promotional Instagram account. Soon she decided to gather a team of like-minded people and start her own sweet brand and open her own store. Dolcetti itself appeared in 2012 and has been successfully working and backing for you!
